Mike Hawkins, Senior Director Engine Legislation and Aftermarket in CNH UK, has been elected new President of Euromot succeeding Dr Manlio Mattei, Manager Engine Research and Development in SAME DEUTZ-FAHR, as from 2009 on, who will continue to serve as Past-President in the Board of Euromot.

Jonathan Walker has been appointed new Chairman of the Euromot Working Group Communications, Media and Government Relations. He is succeeding Mr Georg Diderich, DEUTZ, who has been elected Deputy President. Jonathan is a journalist by profession and is very well known to the nonroad and marine engine industry from the time where he was European editor of the Diesel Progress International magazine. Since 2006 he is responsible for technical communications at MAN DIESEL, one of the world's leading manufacturers of marine and stationary engines.

EUROMOT represents the leading manufacturers of internal combustion engines used in a broad range of nonroad and marine applications (construction, mining and material handling equipment, trucks and buses, agricultural and forestry equipment, commercial marine and seagoing vessels, workboats and pleasure boats, rail traction, lawn/garden and recreational equipment, power generation). EUROMOT has been working for many years with international regulatory bodies, eg European Union, the UN Economic Commission for Europe (UNECE), the UN International Maritime Organizations (IMO) and the Central Commission for the Navigation on the Rhine (CCNR), and with national governments to provide reliable know-how on advanced internal combustion engine technologies in general and, in particular, on the feasibility of environmental as well as cost-effective product regulations.
